The Parish Council would like to receive the views of the public on the following matters:

a) Communication with residents – the Council are considering setting up a social media site to improve communication and dissemination of information to residents of the Parish.

b) Future use of the redundant telephone box in Quatt Village . British Telecom has launched a consultation on the proposed closure of a number of public telephone boxes , including the one situated in Quatt Village. There has been no calls made from the box for at least the last 12 months and it does not seem to meet the necessary criteria to be retained for public use. However, the box itself is a listed structure and cannot be removed.

Residents are invited to comment on whether we should oppose the closure of the public telephone and if so on what grounds. If the box is closed, suggestions for the future use of the redundant structure are invited, eg. Defibrillator or book exchange.

10. Other Matters.

Any other person attending the meeting can speak or ask questions on any matter relating to the Parish.
